- BEFORE THE PUBLIC SE	RVICE	COMMISSION OF UTAH -
In the Matter of an Investigation into Pole Attachments)))	DOCKET NO. 04-999-03 PROCEDURAL NOTICE

ISSUED: May 1, 2006

By The Commission:

On February 10, 2006, the Division of Public Utilities ("Division") filed a memorandum recommending the Commission approve the Standard Contract attached to the memorandum as a "safe harbor" for parties desiring to enter into a pole attachment agreement. On March 27, 2006, having received no comment or objection from the parties, the Commission replied to the Division by letter acknowledging receipt of the Standard Contract and providing notice that said contract would remain on file with the Commission as a "safe harbor" for use by parties unable to agree to terms governing their pole attachment relationship.

Since that time, parties have expressed some concern that they werehad been unaware prior to the Division's filing of the Standard Contract that the Division intended to file said contract with the Commission for approval. Therefore, in order to ensure all parties a full and equal opportunity to provide comments regarding the Standard Contract, notice is hereby given that parties shall have until May 31, 2006, to provide written comments to the Commission regarding the Standard Contract filed by the Division on February 10, 2006. The Commission will thereafter take further action in this docket as appropriate.

DATED at Salt Lake City, Utah, this 1st day of May, 2006.
